Education

Vellore Institute of Technology, Bhopal

B.Tech in Computer Science

2022 – 2026

CGPA – 8.72

SNBP International School, Pune

Grade XI - XII

2020 – 2022

84.5%

Wisdom World School, Pune

Grade X

2020

96.2%

Technical Skills

Languages: JavaScript, Java, Python

Data Structures & Algorithms

Technologies/Frameworks/Libraries: HTML, CSS, React JS, Redux, Node Js, Express Js, Next Js, React Native, MySQL, Postman, MongoDB, Machine Learning, Git, Github

Experience

React Native Intern | ArgyleEnigma Tech Labs

11/2024 – 12/2024

- Played a critical role in developing Fili, a gamified financial literacy mobile application, contributing to the full production release of the app twice and successfully deploying on the Google Play Store
- Designed and implemented core application features using React Native, including interactive flashcards, modules, user progress tracking systems, and leveraging Firebase Realtime Database for dynamic content delivery.
- Integrated and tested APIs using Postman for seamless data communication and performed comprehensive app testing using BrowserStack and PCloudy to ensure responsiveness across different screen sizes and validate functionality across various global locations with different network configurations
- Ensured smooth app performance, maintenance, and scalability to support a seamless user experience.

Projects

Aerospace Research Magazine Subscription Platform | Next.js, Node.js, Express.js, Firebase, Nodemailer | [Link](#)

- Implemented Firebase Authentication to manage user sign-ups and subscriptions securely.
- Integrated Nodemailer to automate personalized email notifications, including welcome emails with PDF attachments for subscribed users.
- Ensured responsive UI/UX for a seamless reading experience across devices.

Expense Manager | React Native, Firebase Auth and Database | [GitHub](#)

- Developed a comprehensive expense tracking mobile application using React Native and Expo framework with cross-platform compatibility for iOS and Android
- Implemented Firebase authentication for secure user login/registration and integrated Firebase Realtime Database for cloud-based expense data storage and synchronization
- Built core expense management features including category-based expense entry, real-time calculations, and interactive UI components for adding, editing, and viewing expense history

Achievements and Certificates | [Certificates](#)

- Leetcode: (<814,045) 50days and 100days of Code Badges with over 150+ questions solved | [Leetcode](#)
- Qualified for Smart India Hackathon 2024 after clearing all 3 internal rounds.
- AWS Solutions Architect, Ethnus
- Cloud Computing by Nptel, Score: 80/100 (Elite+Silver Category)
- Marketing Analytics by Nptel, Score: 70/100 (Elite Category)
- DevOps Fundamentals and Agile Methodologies
- DevOps, Agile and Design Thinking

Leadership

Assistant Sports Secretary 2023-2024

- Led and managed all Sports and Student Council events and activities, including the first ever Inter-college sports fest held alongside the annual cultural fest of VIT Bhopal University resulting in increased engagement and member satisfaction.
